## ABOUT THE NEUROPSYCHIATRIC INVESTIGATION

Neuropsychiatric Investigation is a peer-reviewed, open-access, online-only journal published by the İstanbul University-Cerrahpaşa.

Neuropsychiatric Investigation is published quarterly in March, June, September, and December. The publication language of the journal is English as of the March 2022 issue.

### Journal of History

As of 2021, the journal has changed its title to Neuropsychiatric Investigation.

### Previous Title (2001-2020)

Yeni Symposium Psikiyatri ve Nörolojik Bilimler Dergisi

ISSN: 1300-8773

### Current Title (2021-...)

Neuropsychiatric Investigation

EISSN: 2687-1904

### Abstracting and indexing

Neuropsychiatric Investigation is covered in the following abstracting and indexing databases;

- SCOPUS
- EMBASE
- TUBITAK ULAKBIM TR Index
- DOAJ
- EBSCO

All content published in the journal is permanently archived in Portico.

### Aims, Scope, and Audience

The aim of Neuropsychiatric Investigation is to publish high-quality research that advances the understanding and treatment of psychiatric, neurological, and behavioral conditions. The journal covers a wide range of topics related to these fields.

Neuropsychiatric Investigation publishes various types of articles, including clinical and basic research articles, case reports, clinical and technical notes, systematic reviews and meta-analyses, and letters to the editor. Conference proceedings may also be considered for publication.

The target audience of the journal includes specialists, researchers, and professionals in the fields of psychiatry, neurology, psychology, and behavioral sciences, as well as those with a keen interest in these disciplines.

You can find the current version of the Instructions to Authors at <https://neuropsychiatricinvestigation.org/>.
